Joie Ziller 1165 S. Water Street Wilmington, IL 60481

Dear Joie:

The City of Wilmington has assigned you to serve as Interim City Administrator. You will also be performing your current duties of Executive Secretary during this assignment until the appointment of an Interim Executive Secretary. Your duties will remain FLSA exempt for both assignments. Below are the benefits of your employment during your service in that interim position.

Your role as the Interim City Administrator began on April 3, 2018 and you will remain in that position until such time as the City appoints a permanent City Administrator but for no longer than a six-month period from your start date. Upon the appointment of a new City Administrator, you will return to your position as Executive Secretary at the same salary and benefits you had prior to serving in the interim position, provided the City still retains an Executive Secretary position and you have not otherwise been terminated from employment with the City of Wilmington. Your employment with the City of Wilmington remains at-will both as an Executive Secretary and while assigned to perform the duties of Interim City Administrator.

While serving as the Interim City Administrator, your bi-weekly salary will be increased to \$3,076.92, less applicable mandatory and voluntary withholdings. This salary increase will be retroactively effective on April 3, 2018. Your benefits otherwise will remain unchanged from the benefits to which you are currently entitled as City of Wilmington Executive Secretary.

You will perform on a full-time basis the functions and duties of the City Administrator of the City of Wilmington as outlined in Ordinance No. 1330 of the City of Wilmington Code of Ordinances, a copy of which is attached as Exhibit A, as well as perform all such other legally permissible and proper duties and functions as the Mayor or corporate authorities of the City of Wilmington shall from time to time direct, delegate or assign. While employed by the City as its Interim City Administrator and recognizing this position involves many hours of work at times exceeding forty (40) hours per week, you will not be employed by or provide employment related services including acting as consultant to any other entity unless specifically authorized and approved by the Mayor and City Council of City of Wilmington.

You agree to begin this assignment upon signing of the letter. This letter is for informational purposes only and should not be interpreted as an employment contract. Your employment with the City of Wilmington remains at-will and either party can terminate the employment relationship with or without cause and with or without notice. You acknowledge that this offer letter represents the entire agreement between you and the City of Wilmington and that there are no verbal or written agreements, promises, or representations that are not specifically stated in this offer letter.

The City of Wilmington is very much looking forward to your service to the City as the Interim City Administrator. If you have any questions, please do not hesitate ask me.

		Very truly yours, City of Wilmington, An Illinois Municipal Corporation,
ACCEPTED:		ByRoy Strong, Mayor

City of Wilmington 1165 S. Water Street Wilmington, IL 60481 Attn: Mayor Strong

Re: Professional Fees for Water Main Replacement

Kankakee Street - Baltimore to Canal

Dear Mayor Strong,

It was a pleasure to meet with you Ken and Patrick to discuss the water main improvements on Kankakee Street between Baltimore and Canal Streets. We understand that the existing 4 inch water main located in the right-of-way is no longer functioning properly to provide adequate flow to the existing hydrants.

As discussed the 4 inch main would be removed and replace with a new 6 inch water main. Three hydrants will be replaced and new hydrants provided near the intersection of Canal Street. All new 3/4" services will be provided replacing the existing 23 services.

Ruettiger Tonelli & Associates, Inc. will provide professional surveying and engineering services to collect existing conditions data, water main design, permitting, preparation of plans, assist the City with bidding, provide construction staking and as-built documents.

Our detailed services will include;

Concept Plan/Scoping

Based on our meeting April 25, 2018 and our site visit RT&A will provide a Concept Plan on an aerial indicating the proposed location of the new water main. RT&A will highlight areas of concern and provide an initial cost estimate for the construction.

Topographic Survey

RT&A will conduct a topographic survey of Kankakee Street right-of-way from the existing water main at Baltimore Street to Canal Street. Right-of-way will be established by locating marked property corners. Intersecting Streets will be surveyed 50 feet beyond the intersection. All above ground built environment will be located and location marks for underground utilities.

Design Plans

RT&A will prepare full engineering design plans for the use of permitting, bidding and construction. Plans will be prepared on 24x36 inch plan sheets and will include existing conditions, plan and profile of new water main, restoration, details and notes. RT&A will provide reduced size copies and PDF files for City records.

Permitting

RT&A will prepare applications as needed on behalf of the City and submit the required documents. Permitting may include Illinois Environmental Protection Agency and Illinois Department of Transportation.

Bidding

Once the appropriate permits are in place and City staff has approved the work RT&A will prepare bidding packages for contractors to submit bids. RT&A will answer RFI's and prepare addendums as may be required. RT&A will attend meetings during the bidding process including pre-bid meeting and bid opening.

129 Capista Drive • Shorewood, IL 60404 • Phone: 815-744-6600 • Fax: 815-744-0101 www.ruettigertonelli.com

RT&A will evaluate the bids received and make recommendations to the City.

Once the contractor has been selected RT&A will prepare the contract documents for the construction.

Construction Staking/Construction Services

RT&A will provide construction staking of the water main improvements and restoration improvements. RT&A will also provide limited construction administration for the project. Construction administration will include onsite visits at critical points of construction, review pay applications, and answer RFI's and communicate with the City.

As-built Documents

Once the improvements are completed RT&A will complete an as-built survey of the improvements. As-built plans will be provided to the City for records and future information.

RT&A will complete the above noted services for the following fees.

Stage 1 \$ 750.00

• Concept Plan/Scoping

Stage 2 \$15,000.00

• Topographic Survey
• Design Plans
• Permitting

Stage 3 \$12,500.00

- Bidding
- Construction Staking
- Construction Administration
- As-built documents

Total \$28,250.00

Date: _____

We will work closely with City staff through the process to meet the City's goals.

If you agree to the terms noted above please sign and return to the undersigned.

Sincerely,

Accepted by:
